Family Collocations

Tuesday, November 26, 2024 11:04 PM

This is the only part that we advise you to learn by heart. Practice to use as many words as possible, from this list, in your speaking & writing.

1. Close family: Refers to relatives with whom one has a strong emotional bond, typically immediate family members like parents and siblings.
2. Immediate family: Includes the closest relatives, such as parents, siblings, and children, typically living in the same household.
3. Extended family: Encompasses relatives beyond the immediate family, such as grandparents, aunts, uncles, and cousins.
4. Family tree: A diagram that shows the relationships between different members of a family, often spanning multiple generations.
5. Family member: Any individual who belongs to a family, including parents, siblings, and other relatives.
6. Family ties: Connections or bonds between family members based on emotional relationships and shared history.
7. Family reunion: A gathering of family members from various branches of the family tree, often to celebrate and reconnect.
8. Nuclear family: A family group consisting of two parents and their children, distinct from broader family structures.
9. Family dynamics: Refers to the patterns of interaction and relationships among family members, including roles, communication, and behaviors.
10. Family values: The beliefs, principles, and standards that are upheld within a family, often influencing behavior and decision-making.
11. Family tradition: Customs or practices that are passed down within a family, often marking special occasions or shared values.
12. Family background: Refers to the social, economic, and cultural environment in which a person was raised, including familial heritage.
13. Family home: The place where a family resides; it can refer to a house, apartment, or any dwelling where family life takes place.
14. Family health: Discusses the overall physical and mental well-being of

family members, as well as family health history.

15. Family responsibilities: Duties or obligations that family members have toward each other, such as caregiving, financial support, or household management.

16. Supportive family: Describes a family environment in which members provide emotional, financial, and practical support to each other.

17. Family history: A record of significant events and relationships within a family, often used in genealogy and healthcare.

18. Family life: The everyday reality of living as a family, including relationships, routines, and activities shared among members.

19. Single-parent family: A family structure where one parent is responsible for raising the children, often facing unique challenges.

20. Blended family: A family formed by merging two separate families, often through remarriage, including step-siblings and additional parents.
